Subject: Lindsey Lake spill - deceased wildlife notification

Jon/Jason:

Notifying you of some dead wildlife found on site today. Our monitor (Allison) found two dead cormorants (one appears to have been predated upon) and a dead fish. She collected them all using the procedure specified by Mike earlier this week, and she is making arrangements (at his direction) to overnight them to USFWS in Newport.

Please advise Allison directly of any procedures you'd like her to follow for notifying you/seeking permission for collection.

Very respectfully,
Jamie
